## School Skills Summer Camp for 5-8 year olds

---

### **KINDERGARTEN TO GRADE 3 SCHOOL SKILLS ENRICHMENT PROGRAM**

**Join Miss Annie and get ready for Primary School Success!**

This popular 5-day program is designed by Miss Annie, an accomplished teacher of Gifted Programs for over 40 years. Your child will learn Applied Mathematics and the Scientific Model, practice their Literacy and Writing skills, and develop the Foundational Study Skills needed for success in grades K-3. Students will be challenged equivalent to their ability.

Using Resource Management as the subject of inquiry, students will apply curricular lessons to strengthen their academic skills. Lessons are designed to deepen their sense of wonder and curiosity about our planet, while also supporting a strong sense of responsibility towards the environment around them. Well suited for students who enjoy challenging themselves intellectually.

### **GIFTED MATH FOR KINDERGARTEN TO GRADE 3**

**Join Miss Annie for 5 days of Leveling Up Math Skills!**

This advanced 5-day program is designed by Miss Annie, to support students who love all things Mathematic! Perfect for children entering Kindergarten, with additional challenges built in for students in Grades 1-3.

The Gifted Math Summer Camp introduces high level Math Topics in addition to the usual numeracy and geometry concepts learned in school. Skip Counting, Cartesian Plane, Location Concepts, and Foundational Logic are just some of the higher order mathematical concepts to be covered. Your child will explore real world applications of the concepts, such as Time Telling, Riddles, Making and Solving Codes, and Solving Word Problems. Well suited to the student who loves puzzles, mental challenges, and all things Math!
